TEN PAGES TODAY

ARE PAROLED ON THREE PROVISIONS

Ross Jones and Charley Clevenger
Escape Sentences on Rigid Agree-
ments With Court

MUST PAY FOR THE GOODS

They Are to Tell The Truth, Behave
Themselves And Assist the Court
in Several Matters

Ross Jones and Charley Clevenger, two of the former employees of the American Railways Express company, who had previously pleaded guilty to larceny charges, were produced in court again this morning and sentence passed upon them, with the court suspending their prison sentences during their good behavior.

Jones, who is 20 years old, was held on a petit larceny charge and was fined the minimum \$1 and costs and sentenced to not less than 1 year and no more than eight in the reformatory, and Clevenger, who is 24 years old, whose charge was grand larceny, was given the same fine, with a sentence of not less than one, nor more than 14 years in the reformatory.

Judge Sparks dwelt at length with the two boys, the same as he had done yesterday morning, when he deferred passing sentence upon them. This morning he questioned them further about the breaking into packages while in the employ of the express company, and told them that he had almost made up his mind that they were not deserving of a suspended sentence. The judge questioned them concerning individuals from whom they were supposed to have taken goods while in the custody of the express company.

He told young Jones that he knew that he had a record in Connorsville, and that the court was reasonably sure he had carried on a liquor traffic in that city as well as in Rushville.

Lawrence Mannel, the third employ who is implicated, was not produced in court today or yesterday. Judge Sparks said that Mannel told him that he had gone with the two boys in a machine to Ohio and purchased whisky at \$12 a quart and brought it here where he said it was sold for \$20 a quart.

Judge Sparks said that he believed every young person should be given a chance, but that in this case he doubted the advisability of a suspension, and it was on three grounds that the suspension was offered.

He told the boys that their future conduct depended upon the suspension being recalled at any moment. The second provision upon which the suspension was granted, was that the boys were to make good in money within a stated time, the deficit caused in the taking of express shipments. This amount will be determined largely upon the claims filed with the express company for shortage of packages and portions of shipments.

The third provision, was that the boys were to aid the court in any way he saw fit, and that they should assist him and the state with unearthing any hidden secrets that have not been developed so far. This matter referred to included trade in whisky, and the boys will more than likely be compelled to show where the liquor was purchased, although this was not stated to be the fact.

The judge impressed it forcibly upon their minds that failure to comply with any of the three provisions would mean an immediate suspension of their pardon, and that they would then be sentenced to their prison terms. The two were then discharged, but will again be called to fulfill the three provisions.

STATE MUSEUM IS ROBBED

Jewels and Valuable Sword Missing
From The State House

(By United Press)

Indianapolis, Ind., Nov. 23.—Jewels valued at \$1,000 and a sword worth \$250 worth of gold mountings on it have been stolen from the Indiana museum in the state house, it became known here today. At the same time a stenographer in the fish and game division of the Department of Conservation reported that her purse with four \$10 bills and a gold watch with a diamond setting had been stolen from her desk yesterday.

The jewels were placed in the museum by the heirs of J. H. Van Jean and the sword was once the property of Rear Admiral J. L. Davis, a Hoosier formerly in the United States navy.

SQUIRE'S COURT IS ACTIVE PLACE TODAY

Louis Gephart is in Jail on Serious
Charge and Henry McDaniel
Stays a \$5 Fine

OTHER CASES ARE FILED

Several affidavits and arrests have been made in Squire Stech's court on different charges since yesterday afternoon. Louis Gephart is in jail on a serious charge preferred by Lorene Kennedy of Carthage. Gephart was arrested in Shelbyville late yesterday and brought here, and has waived preliminary hearing. His bond has been fixed at \$750, which was not provided this afternoon.

Henry McDaniel, a young farmer, who was arrested a few days ago by deputy game wardens, pleaded guilty to having a skunk hide in his possession, and his fine of \$5 and costs, was stayed by Gates Ketchum for 90 days. The other charge of a similar nature against him was dismissed.

A warrant for McDaniel's arrest was issued again this morning, this time on a charge of receiving stolen goods. The charge was preferred by John R. Thompson, who alleges that McDaniel received a horse and buggy from Clark Royster, and knew that it was stolen property.

Two charges have been preferred against Willard Brown by Irvin Hessel. One charge is for provoke and the other for assault and battery. The hearings on the two charges will be held in the morning at nine o'clock.

ASKS COUNTRIES BE DENIED MEMBERSHIP

Lord Robert Cecil Demands Article
16 Be Enforced Against Po-
land and Lithuania

WHAT PUNISHMENT AMOUNTS T

Geneva, Nov. 23.—Lord Robert Cecil today demanded that Poland and Lithuania be refused as members of the league, according to the league of nation's covenant, for the continuation of warfare after submission of their disputes to the league.

Cecil demanded that the penalty provided in Article 16 of the covenant be inflicted. The article provides that any member of the league reverting to war in violation of the covenant shall be deemed to have committed the act of war against other members. The punishment breaks off all relations with other members.

The assembly passed over the Armenian question during the morning session, but Lord Cecil convoked the committee of six to consider it at the afternoon session.

Cecil's motion that the league council be compelled to make public all facts in the Polish-Lithuanian situation was under consideration.

Cecil declared that the two countries had violated the covenant article by recommending warfare in less than three months after they had become members.

PLAN FOR STATE TOURNAMENT CHANGED

Sectional Tournaments Are Not
Eliminated, However, and Rush-
ville is Likely to Get One

TO BE FOUR REGIONS IN STATE

Each Will Hold Eight Meets, Making
Total of 32, With Regional Semi-
Finals Before State Tourney

The method of deciding the state high school basketball championship has been changed, according to an announcement by A. L. Trester, permanent secretary of I. H. S. S. A., at LaPorte, but it does not do away with the sectional tournaments, one of which was held here last year. It is very probable that the state will be divided for sectional tournaments in very much the same way as it was last year and that one of the tournaments will be held here.

The new scheme introduces a series semi-finals which will make the state meet less strenuous and probably will meet with the approval of most basketball players and fans as well, who felt that the old plan was far too severe for young boys.

Under the new method the state will be divided into four regions, each to hold eight meets, making a total of thirty-two sectional tournaments in the state.

Each one of these thirty-two tournaments will be made up of about sixteen teams. At the completion of these tournaments thirty-two teams will remain in the running for the state title. Two of these regions with their sixteen winners will play one series of games at some university, and the other two regions will play another series at another university.

In each of these semi-final regional series of games winners will result, making a total of sixteen teams left in the finals which will be played on the Coliseum floor in Indianapolis. The winner of this tourney by the elimination route will be the champion high school team of Indiana.

Centers for the sectional tournaments have not been selected, but dates have been selected as March 4 and 5. The semi-final regional series will be played March 12, while the state tourney will be held on March 18 and 19.

Although, the two universities to hold the semi-final regional series have not been selected, Indiana and Purdue are likely to be the ones. Both have been approached on the subject, but neither has accepted or declined the offer.

The plan as offered by the board of control calls for no more than sixteen teams in any tourney. The scheme will take care of 512 teams, while the state high school association has a membership of almost this number. The selections of centers, officials and the detailed arrangements for all the tournaments will be completed as soon as possible, according to Mr. Trester.

The sections and regions will be determined by number and location of schools desiring to participate. The state tourney can be won by any team playing nine games in three weeks, four at the sectional, one at the semi-finals and four at the state. No team, according to the scheme as worked out, will play more than three games in one day or four in two days.

It was the desire of the board of control to get away from having the teams forced to play so many games in two or three days in order to go through to the finals. It was thought this exertion was not best for the physical welfare of the youths who participate in the tournaments.

CUSTOMS OF DAY TO BE FOLLOWED

Thanksgiving Will be Spent Quietly
in Rushville, Religious Services
Being Only Event Scheduled

FAMILY DINNERS AS USUAL

Postoffice to Observe Usual Holiday
Rules—Thoughts Begin to Turn
to Christmas Even Now

Thanksgiving day will be observed here in much the same fashion as it has been in past years. Most of the place of business will be closed and the union religious services will be held as usual.

The day will be the occasion for many family reunions and turkey dinner will be served in many homes. Although turkey has been selling at 55 cents a pound dressed, there has been active demand for it and a number of persons were disappointed in not being able to get any. The Adams Produce company would not sell much this season to the retail trade because of the demand of eastern markets where they ship, and most local people had to depend on Rush county farmers' wives.

However, there will be lots of chicken pass as turkey because viewed at any angle, fifty-five cents a pound is a lot of money to pay for a gobble. The other prerequisites of a Thanksgiving dinner are not as high as they were last year, it is reported, so that the dinner as a whole should be cheaper.

The annual union services of the churches will be held at St. Paul's M. E. church Thursday morning at ten o'clock and the sermon will be delivered by the Rev. L. E. Brown of the Main Street Christian church. Special music will be provided by the church choir.

The postoffice will observe the usual holiday rules by closing at ten o'clock in the morning and the city carriers making one delivery only. The rural mail carriers will not traverse their routes, Christmas being the only holiday on which they carry any mail.

With Thanksgiving practically over, the thoughts of people are beginning to turn to Christmas, which is only a month distant. In fact, there are only twenty-seven more shopping days (Sundays not being included) until the holiday of all holidays arrives. The announcement today on the front page of the Republican that so few days, comparatively, remain for doing the Christmas shopping, is calculated to set many people to thinking.

Of course, every year the same line of advice is handed out regarding the early bird and everything, but just the same there is always a rush before Christmas in the Rushville stores.

Local merchants are already displaying their Christmas goods and are making a bid for holiday trade. They all expect an increased Christmas business, and for that reason every effort will be made this year to drive home the idea that every one should shop early.

"There never has been any reason for delay in making Christmas purchases", a merchant said yesterday. "By buying now a purchaser is able to make a wider selection, deliveries are made more promptly, he gets better service at the hands of clerks, and avoids congestion. We expect unusually large buying this year, and this is all the more reason why the buying should be done now."

ARRIVES AT CHRISTORAL

(By United Press)
Christoral, Nov. 23.—President-elect Harding arrived here at 9 a. m. today. Submarines and airplanes escorted the steamship Parisma through the harbor. A big crowd waited to greet the president-elect and his party.

Anderson, Ind., Nov. 23.—Edna Hollingsworth, 21, and Flossie Russell, 16, of Summitsville, were mangled and instantly killed today on the Big Four railroad at Summitsville, when they were run over by a freight car, making a flying switch.

MARKET IS DEMORALIZED

Heavy Receipts Caused by Placing
Poorer Hogs Brings Decline.

(By United Press)

Chicago, Ill., Nov. 23.—The hog market of the country was practically demoralized today by the continued decline in quotations. Heavy receipts caused by placing the poorer grade of hogs on the market caused the continued decline. The market in Chicago was off \$1 and similar drops were reported in other parts of the country. Prices ranged around \$10. In East St. Louis the decline in prices made it impossible to determine the actual condition of the market with hogs off \$1 to \$1.25.

MERCHANT ARRESTED FOR EMBEZZLEMENT

Clark Royster Held in Jail Here
Charged With Not Returning a
Livery Outfit

OWNS STORE AT COLUMBIA

Clark Royster, owner of a general store at Columbia, a few miles southeast of Glenwood in Fayette county, is in jail here on a charge of embezzlement, in connection with taking a livery horse and rig and not returning the property. When arraigned this morning in circuit court he pleaded not guilty, and was ordered back to jail upon default of \$1,000 bond.

It is understood that Royster has served a term in the Michigan City prison, and was thought to be on parole, and the prison officials were notified. Royster stated this morning that he had received his discharge last April from the prison.

It is charged that on November 12, he hired a livery outfit from John R. Thompson in this city, and failed to return the outfit. An employee at the livery stable recognized the man, although in court this morning his attorney said that he could produce witnesses in Columbia who would vouch that Royster was in his store all day on the 12th, and that it was a case of mistaken identity.

The trial has not been set, as the court is awaiting word from the prison.

ELLIS TAKES STAND IN HIS OWN DEFENSE

Knightstown Man, Charged With
Manslaughter, Finishes Up The
Evidence For His Case

BEING TRIED IN NEWCASTLE

Frank Ellis, age 25 years, who resides near Knightstown, and who is facing trial in Newcastle on a charge of voluntary manslaughter, after killing William Hart, Jr., age 19 years, a few weeks ago, was on the witness stand this afternoon in self defense, and the case was expected to be drawing near a close.

The state finished up this morning with their portion of the evidence, and immediately afterwards, the defense introduced 16 witnesses from the Knightstown neighborhood, who testified concerning Ellis' character, and his reputation for peace and quietude in his locality. Following the testimony of these 16 witnesses, Ellis then took the stand in self defense, and was expected to finish about two o'clock this afternoon.

The state then would proceed with their rebuttal, and arguments will more than likely be the first thing in the morning. Ellis after killing Hart, was placed in jail, but was later released on \$2,000 bond. Floyd Newby, an attorney of Knightstown and John A. Tittsworth of this city are defending Ellis, and the state is being represented by Prosecutor Clarence Brown, assistant John Morris, and Attorneys Evans and DeWitt.

The case began yesterday morning and a jury was selected by eleven o'clock, with not much difficulty.

Indianapolis, Ind., Nov. 23.—Sen. Harding obtained a plurality of 185,006 over Governor Cox in Indiana, according to the official tabulation of the vote of the state.

Official count of the vote for electors at large was completed today by officials of the secretary of state's office for all of the six parties represented on the Indiana ballot, Republican, Democrat, Socialist, Prohibition, Farmer-Labor and Single Tax parties.

John Barbazette of Terre Haute, the first Republican presidential electors at large, obtained a plurality of 185,006 over Miss Julia E. Landers of Indianapolis, the first Democrat presidential elector at large. It is customary, according to officials, to regard the vote on the first electors at large as the official vote for the presidential candidates. Louis C. Huesmann, the second Republican elector at large, received a plurality of 183,952 over Paul V. McNutt, the second Democrat elector at large. Mr. Barbazette received 5,543 more votes than Mr. Huesmann.

Although tabulation of the vote for the thirteen district electors has not been completed, it is believed that Mr. Barbazette will be selected by the Indiana electors to take the vote of the state to Washington when the electoral college meets.

The vote for Senator Harding exceeded that for Ed Jackson, Republican candidate for secretary of state, by 9,396. Mr. Jackson led the Republican state ticket with a plurality of 176,735 over Charles H. Wagner, Democrat. The total Harding vote was 696,370, and the total vote for Mr. Jackson was 686,974.

Aid From America

It will not be difficult for anyone to recall that the fellows who wanted to stay in power at Washington declared that we would never have

to send an army to Europe unless our congress consented. But if we were in the league now, we would be morally obligated to co-operate both economically and with the force of arms, should the council decide that the league should go to the rescue of Armenia.

That was the question debated at the league meeting Monday, and in the end the league summoned the council, the supreme governing body, to take immediate steps to aid Armenia. Voting unanimously for the first time, the assembly adopted the resolution presented by M. Rene Viviani of France to summon the council in the afternoon with the committee to which the Armenian question had been referred, to determine the scope of the league action. The action came after a long debate during the assembly's forenoon session. The plan of M. Lafontaine of Belgium for the appointment of a committee of six to seek measures of halting the controversy between Armenian and Turkish nationalists, received strong support.

Dr. Hansen, Norwegian explorer, declared an army of 60,000 and an

expense of 10,000 pounds will be necessary to save Armenia. He asserted he was convinced America would do her full share. America was also referred to by A. Balfour who declared that an economic blockade of the followers of Kemal would be declared. If America does have a part in the undertaking, it will be after congress has voted to lend assistance.

During the discussion it was asserted that while America refused a mandate over Armenia, she expressed her willingness to send a fleet to aid the country.

The league committee also adopted a resolution refusing to admit Germany and Russia into the league. It declared that no state shall be admitted to the league until they fulfill the international obligations.

Federal Taxation

One of the needed bits of legislation which it is hoped Congress will take up in December is the simplification of the present federal machinery for taxation. The tax schedules are so complicated that neither individuals nor governmental authorities can figure them out satisfactorily. The best-intentioned citizens, after a long and careful study of their tax sheets, and payment of what they believe to be their just obligations often find themselves charged with unpaid taxes in considerable amounts.

The auditing of the tax reports requires an army of expert accountants, involving tremendous expense to the taxpayers. With their best efforts, tax reports are far behind.

There is no reason why this question, like some others, should be held over for the next administration. It is not a partisan matter. It concerns persons of all political faiths, and is crying evil which should be rectified promptly, in the interests of economy and common sense.

PEPSINCO

PEPSINCO is the only indigestion remedy that we know—and we know lots of so called dyspepsia cures—that will almost infallibly relieve an attack of indigestion, food distress or gas. We could almost make claims that would appear impossible, so seldom does this PEP-SINCO fail. But why not consider the recommendation of thousands of people who have used PEP-SINCO, on the basis of their belief in it. Try it yourself; we are sure that the suggestion will appeal to you—you who suffer with indigestion or stomach faults—try PEP-SINCO to-day.

Ask your druggist—he sells and recommends Pepsinco.

Badly Fitted Glasses are Useless

Even though the lenses may be exactly made for your defect of vision, the effect is spoiled if the frames are badly fitted.

A badly fitted bridge causes the lenses to be away from their correct position, with the result that vision is distorted. Also glasses of wrong width between the center of the lenses causes distorted vision.

We are very careful and accurate with our measurements. Also after the frame is made it is checked and counter-checked—and that is why we can guarantee a perfect fitting.

For Winning Quintet

A MODERN GYMNASIUM TOO

The I O. O. F. basketball team
which held a meeting last night at
the Odd Fellows lodge hall, organ-
ized for the season, and several of
the players were present. The team
this year will play in the Modern
Appliance building in West Third
Street which will be completely re-
modeled and made into an ideal
gymnasium.

At the meeting last night Ralph
Martin, center of the team, was
elected captain. Elgar I. Higgs, was
also elected general manager, and
will have charge of the team and in
booking the games. A schedule has
not been completed, but it is planned
to play the first two games with
Fairview and Moscow on their
floors, and open the season in Rush-
ville on Tuesday night, December 7,
with the Carthage Independents as
the probable opponent.

Prospects were never better for
a wonderful basketball team, and
the team this year will be sponsored
by the Odd Fellows Lodge. Ten

players, most of whom have had
college experience, have signed up
with the team, and it will be hard
to determine the five regulars. The
dates of home games will not con-
flict with the high school schedule,
Mr. Higgs announced this morning.

WILL GIVE A PLAY

There will be a play given at the
Second M. E. church Wednesday ev-
ening, entitled, "The Spinister's
Convention." The play will begin at

CHURCH AND STAGE ARE CLOSELY LINKED

Most Plays in London Are of Sermonizing Disposition and Preachers Take Advantage of Fact

SERMON BASED ON SHOWS

London, Nov 10 (By Mail)—Never before in London have Church and stage been so closely linked together.

While most of the plays now running in London are of sermonizing disposition, preachers are taking advantage of this to attract large congregations to their churches, by preaching sermons on the subjects which hold footlight sway.

In the little church of St. Thomas, Rev. Clarence May has started a series of sermons, each one dealing with a moral as pointed out by the stage. His first sermon was on the "Unknown", a play by Somerset Maugham, which has for foundation the problem "Has the war killed faith?"

The next sermon dealt with "The Wandering Jew", a play in which Matheson Lang is showing the sufferings of the Jews through the ages.

Another sermon has for its basis "The Crossing", a play dealing with an earthbound soul in which the dead appear in "spirit form" on the stage and converse with the living.

"The Right to Strike", a play which is drawing multitudes to the Lyric Theatre, also drew multitudes to the Rev. May's church when he announced it as his text for the next sermon on his list.

May intends next to discuss the problem of human hypocrisy as it reveals itself in "The Prude's Fall", now being played at Wyndham's Theatre.

"Our Budget Plan will bring the New Edison this Xmas!"

THIS is the time of the year when our Budget Plan is most helpful. You ought to come in right away and find out what it can do for you.

In the first place, it will put a New Edison beside your Christmas tree, (how the family will rejoice!)

In the second place, it will stretch your Christmas dollar so that you'll hardly feel the purchase.

The Budget Plan treats the New Edison as an essential of life, such as a home, and arranges payments on the sound "time" principle. It combines modern business practice with thrift.

This way of treating a dollar actually makes it go farther. Let us explain how the Budget Plan brings the longed-for New Edison for what an extremely ordinary gift would cost, and makes 1921 thrift pay for the balance.

His Joints Would Crack Like Whip

Muscles sore, joints painful, bowels bound up and liver sluggish. Dreco was quick to overcome these ails.

"I have suffered a long time from constipation, rheumatism in my muscles, and at times my joints would crack like a whip; my entire system was burned up and needed building up," said Mr. N. Mitchel a well known farmer of Route No. 2, Roanoke, Ind.

"I have just started on my second bottle of Dreco and it has done me worlds of good, the pain and stiffness has left my muscles and joint, my bowels are moving regular and easy once more, and my liver is active. I never saw any medicine do the work like Dreco."

When the wastes of the body are not eliminated regularly a poison accumulates in the system which is known as toxin, this goes through the blood and causes all sorts of trouble and distress. It is impossible for anyone to be well unless the different organs of the body perform their functions in the manner in which Nature intended.

The old fashioned remedies made from roots and herbs are the best for any one to take. Dreco is made from twelve different roots, herbs, barks and leaves. These act on the stomach, bowels, liver, kidneys and purify the blood. Dreco knocks rheumatism out shortly relieves catarrh of the head and stomach makes you sleep sound and creates a good appetite. As a blood purifier nothing can equal Dreco. It puts a stop to boils, eczema and other blood affections.

Rushville-Milroy Basketball Contest Creates Interest Throughout The County

WILL MEET AT MILROY

Probably no basketball game of the season will attract more attention than the game tomorrow night, when the Rushville high school goes to Milroy for a game with the district champions of last year. The second team also will clash with the Milroy second team in the curtain raiser.

Last year and for several years Rushville refused to play on the small floor at Milroy, but this year, it was decided upon regardless of the fact that Rushville's chances for defeat as well as any visiting team was almost certain before hand.

Rushville has hopes of winning the game, but will not enter the contest overconfident. The team is in first class condition, and Coach Sutton will start the game with the regular line-up, with L. Headlee and Miller forwards; E. Headlee, center; Frazer and Eakins, guards. Milroy will start the game with their best line-up, Stewart and McKee, forwards; Osterling center D. Jones and Harcourt, guards.

Word from Milroy stated that the seating capacity of the gymnasium would be filled long before the game as Rushville will no doubt send a record crowd to be on hand to root for the two Rushville teams. Connersville will play here Friday night and both games will be strenuous ones for Rushville.

An Enemy to Good Health

Good health has no greater enemy than constipation. You cannot "keep fit" for work or play if the bowels are irregular or clogged with a decomposed mass of undigested food from which the blood picks up disease-causing impurities and carries them throughout the entire system. Foley Cathartic Tablets are mild but sure in action. They banish biliousness, sick headache, sour stomach and other ills caused by indigestion. Take one tonight and you will feel better in the morning. F. B. Johnson.—(Adv.) 4

At last! Mars has spoken!

YOUNG HIRAM Jinks.
HAD TRIED for weeks
TO TALK to Mars.
BY WIRELESS.
HE'D POUNDED his key,
CALLING "MARS. Hello, Mars."
UNTIL HIS right biceps
WAS THE village pride.
HE HARDLY dared to sleep,
LEST HE miss the call.
AND SAY! One evening
HE GOT an answering buzz,
"YEP, THIS is Mars."
AND HIRAM shook all over.
AND STUTTERED back in Morse,
"HAVE YOU any word.
FOR US on Earth?"
QUICK CAME the answer.
"YOU CAN tell the world.
THEY SATISFY!" Then silence.
HIRAM RAN to the corner store,
AND SHOUTED in triumph.
"A MESSAGE from Mars!
YOU CAN tell the world.
THEY SATISFY."
BUT THE village elders
MERELY SNORTED "Shucks.
KNOWN THAT for years."
WHILE OUT in the army camp.
THE RADIO man.
WHO'D BEEN kidding Hiram.
THREW AWAY his butt.
AND LAUGHED himself to sleep.

B-U-Z-Z-Z. Listen to this one! Chesterfields "satisfy," and yet they're mild. With body enough to "satisfy" even a cigar smoker, Chesterfields are mild enough to suit even the most finicky cigarette smoker. That's some combination!—and this unique blend can't be copied.

Final Showing of Dana Picture

The theory sometimes advanced that a good magazine story does not mean a good picture certainly was refuted last evening when Viola Dana appeared at the Princess theater as the heroine of "The Chorus Girl's Romance." This was taken from the Saturday Evening Post story by F. Scott Fitzgerald entitled "Head and Shoulders". The picture will be seen for the last time today.

It has to do with the romance and later the marriage and still later the very amusing and sometimes very pathetic but always very human vicissitudes of a chorus girl, with a propensity and gift for shimmying; and a scholarly prodigy at Yale.

Miss Dana was at her bewitching best throughout the photoplay and Gareth Hughes, her leading man, gave decidedly his share toward the pleasing success of the picture.

William C. Dowlan directed it. Percy Heath wrote the scenario; John Arnold did the photography and A. E. Freudeman furnished special art interiors for this Metro production.

Lew Cody in Leading Role

A beautiful girl who does not believe in kissing—two men—then the girl is kissed in the dark and she finds that kissing is not so bad after all, but—who is the man? This is the unusual theme of the Robertson-Cole Special, "The Beloved Cheater," which features that ace of hearts, Lew Cody. It will be shown for the last time at the Mystic today.

Bruce Sands (Lew Cody) is the idol of the "deadlier set," the sort with whom men make friends in self defense—or at the dictation of their wives. He is the sort who can't help making love to every girl he meets, but always remains a bachelor.

Then there is "the girl" who be-

comes engaged without changing her ideas against kissing and her fiancé who is foolish enough to promise to respect her wishes.

The real romance of the girl's life commences when she is kissed and she discovers that it was not her fiancé who kissed her.

Of course she does find the man

only to lose him, for the "Beloved Cheater" refuses to let her sacrifice her happiness by marrying a man of his type.

Lew Cody has never had such an opportunity to display her versatility, and the production is remarkably produced under the master hand of Wm. Christy Cabanne, who

is responsible for a long list screen successes. The cast is a markedly clever one, including Leen Percy, Doris Pawn, Jack Mer, Alice Fleming, Frederick Vro and Andrew Robeson.

For Over Seven Years

Back in the early part of 1913 this business was organized and started in a small frame building. Then came a move into larger quarters on account of increased patronage.

TODAY

We occupy our own plant. It is the third place we have occupied since our organization. Our patronage speaks for itself. Year after year we have expanded and added new equipment, which makes our plant today one of the finest in the state

WE INVITE INSPECTION

Come, see for yourself, the different departments in operation. Work is taken care of in Rushville, and is not trusted to some cleaner in an out of town plant. Because of the trust people have placed in us, is only one reason why our plant has so successfully existed under the same management for over seven years.

This plant is the only plant in Rush County that is entitled to the name of "Master Cleaners."

FOR SALE THE ABERCROMBIE FARM

In order to divide up the Theodore Abercrombie estate among the heirs, the farm, known as the
ABERCROMBIE FARM

adjoining Rushville at the city limits on the north and consisting of 284 acres, more or less, is now offered for sale at private sale.

This is one of the best farms in Rush County, most of it having been in the family for fifty years and has been well taken care of and not rented.

It is capable of division into two complete and separate farms—each with tenant houses, barns and other first class improvements. That part known as the "East Place" lies on the east side of Main street, and comprises about one hundred and thirty-one acres, and that portion known as the "West Place" lies on the west side of Main Street, and consists of about one hundred and fifty-three acres. Both farms extend down to Eleventh street.

For farming purposes there are no better farms in Rush County than these, but they are further valuable because they lie right at the limits of the city on the north and adjacent to Rushville's finest residence section.

Both farms are capable of sub-division into valuable city lots. Part of the farm has already been laid off into city lots, taken into the city and fine residences built upon it.

As the L. E. & W. R. R. bounds the farm on the west, and the Pennsylvania R. R. intersects a portion of the farm on the east, several fine factory sites are available.

This land will be offered for sale as a whole or as two separate farms. Possession will be given on or before March first, 1921.

Camel CIGARETTES

Dallas, Texas, Sunday.

DEAR OLD BOY PETE!

This corner of the U. S. mainland is so wonderful in its bigness and bustle I guess I go mouth wide open and eyes staring! Why, Pete, Texans don't talk in miles—it doesn't mean anything! They'll tell you that this place, or that, is an all-day trip, or two days and a night distant, etc. And, old yardstick, you've got the feet, just let it sink in deep that Texas is not only over 800 miles wide but it is our fifth state in population!

Heard a bird in the Adolphus Hotel say that when he comes off the west border he figures he's close home to Baltimore when he's across the Lone Star State! Talk about "jumps"! Try a few, say the one between Texarkana and El Paso!

Pete, everything grows big down here—business as well as folks' hearts! I like the way they never forget! Here I was walking on Main Street yesterday when as fine a type of man as ever wore one of those broad Texas smiles came up to me. "How are you, lieutenant?" says he. "Maybe you'll call back that day at Camp Dick when I brought over that bunch of Camel Cigarettes for the boys," he continued. Right then a Camel conference opened!

Golly, Pete, this party coins Camel compliments faster than the mint makes money! "Lieutenant," says he, "I know when I'm 'set'! I've smoked cigarettes for five years! (NOW LISTEN, PETER!) I know Camels and I know their marvellous mild, mellow body and refreshing flavor and wonderful Turkish and Domestic blend! A million Camels wouldn't tire a smoker's taste!" Now, Pete, I'll say that's some testifying!

Sincerely

Shorty.

P. S.—Between you and me I'll be gazing at tall buildings and things around 43d and Broadway—N-E-W Y-O-R-K—about the hour this note hits Boston's Back Bay! Write me at the same old stand!

CONFIDENT CENSUS WILL NOT DECREASE

France's Population to Grow Larger Due to Provinces Returned to Her by the War

EXPECTED TO BE 40,000,000

Paris, Nov. 23.—Despite France's loss of 1,750,000 soldiers during the war, as well as the fact that her death rate always tends to exceed her birth rate, she is confident that her next census to be taken in March 1921, will not show a decrease in population.

However, this will be due exclusively to the fact that there will be included in her census the population of the provinces returned to her by the war, namely the departments of the Upper and the Lower Rhine and the Moselle, or in other words, Alsace-Lorraine. It is expected that the total population will thus remain close to 40,000,000.

France's last census was taken in 1911 and showed a population in France of 39,601,509 and a population for France and Algeria together of 45,156,337, which included 1,132,696 foreigners.

The French census is taken every five years, but in March, 1916, when the next census should have been taken, France had ten departments being occupied by the enemy, while thousands upon thousands of inhabitants of other departments in which fighting was taking place had been obliged to flee. As a consequence the census went over until March of next year.

The last German census of the population of Alsace-Lorraine placed it at 1,874,014 which is expected just about to offset France's loss in population caused by her dead during the war, as well as her decreased birth-rate resulting from the same cause.

ARE PAROLED ON THREE PROVISIONS

Ross Jones and Charley Clevenger
Escape Sentences on Rigid Agree-
ments With Court

MUST PAY FOR THE GOODS

They Are to Tell The Truth, Behave
Themselves And Assist the Court
in Several Matters

Ross Jones and Charley Clevenger, two of the former employees of the American Railways Express company, who had previously pleaded guilty to larceny charges, were produced in court again this morning and sentence passed upon them, with the court suspending their prison sentences during their good behavior.

Jones, who is 20 years old, was held on a petit larceny charge and was fined the minimum \$1 and costs and sentenced to not less than 1 year and no more than eight in the reformatory, and Clevenger, who is 24 years old, whose charge was grand larceny, was given the same fine, with a sentence of not less than one, nor more than 14 years in the reformatory.

Judge Sparks dwelt at length with the two boys, the same as he had done yesterday morning, when he deferred passing sentence upon them. This morning he questioned them further about the breaking into packages while in the employ of the express company, and told them that he had almost made up his mind that they were not deserving of a suspended sentence. The judge questioned them concerning individuals from whom they were supposed to have taken goods while in the custody of the express company.

He told young Jones that he knew that he had a record in Connersville, and that the court was reasonably sure he had carried on a liquor traffic in that city as well as in Rushville.

Lawrence Mannel, the third employ who is implicated, was not produced in court today or yesterday. Judge Sparks said that Mannel had told him that he had gone with the two boys in a machine to Ohio and purchased whisky at \$12 a quart and brought it here where he said it was sold for \$20 a quart.

Judge Sparks said that he believed every young person should be given a chance, but that in this case he doubted the advisability of a suspension, and it was on three grounds that the suspension was offered.

He told the boys that their future conduct depended upon the suspension being recalled at any moment. The second provision upon which the suspension was granted, was that the boys were to make good in money within a stated time, the deficit caused in the taking of express shipments. This amount will be determined largely upon the claims filed with the express company for shortage of packages and portions of shipments.

The third provision, was that the boys were to aid the court in any way he saw fit, and that they should assist him and the state with unearthing any hidden secrets that have not been developed so far. This matter referred to included trade in whisky, and the boys will more than likely be compelled to show where the liquor was purchased, although this was not stated to be the fact.

The judge impressed it forcibly upon their minds that failure to comply with any of the three provisions would mean an immediate suspension of their pardon, and that they would then be sentenced to their prison terms. The two were then discharged, but will again be called to fulfill the three provisions.

STATE MUSEUM IS ROBBED

Jewels and Valuable Sword Missing
From The State House

(By United Press)

Indianapolis, Ind., Nov. 23.—Jewels valued at \$1,000 and a sword with \$250 worth of gold mountings on it have been stolen from the Indiana museum in the state house, it became known here today. At the same time a stenographer in the fish and game division of the Department of Conservation reported that her purse with four \$10 bills and a gold watch with a diamond setting had been stolen from her desk yesterday.

The jewels were placed in the museum by the heirs of J. H. Van Jean and the sword was once the property of Rear Admiral J. L. Davis, a Hoosier formerly in the United States navy.

SQUIRE'S COURT IS ACTIVE PLACE TODAY

Louis Gephart is in Jail on Serious
Charge and Henry McDaniel
Stays a \$5 Fine

OTHER CASES ARE FILED

Several affidavits and arrests have been made in Squire Stech's court on different charges since yesterday afternoon. Louis Gephart is in jail on a serious charge preferred by Lorene Kennedy of Carlisle. Gephart was arrested in Shelbyville late yesterday and brought here, and has waived preliminary hearing. His bond has been fixed at \$750, which was not provided this afternoon.

Henry McDaniel, a young farmer, who was arrested a few days ago by deputy game wardens, pleaded guilty to having a skunk hide in his possession, and his fine of \$5 and costs, was stayed by Gates Ketchum for 90 days. The other charge of a similar nature against him was dismissed.

A warrant for McDaniel's arrest was issued again this morning, this time on a charge of receiving stolen goods. The charge was preferred by John R. Thompson, who alleges that McDaniel received a horse and buggy from Clark Royster, and knew that it was stolen property.

Two charges have been preferred against Willard Brown by Irvin Hessel. One charge is for provoke and the other for assault and battery. The hearings on the two charges will be held in the morning at nine o'clock.

WHAT PUNISHMENT AMOUNTS TO

Geneva, Nov. 23.—Lord Robert Cecil today demanded that Poland and Lithuania be refused as members of the league, according to the league of nations covenant, for the continuation of warfare after submission of their disputes to the league.

Cecil demanded that the penalty provided in Article 16 of the covenant be inflicted. The article provides that any member of the league reverting to war in violation of the covenant shall be deemed to have committed the act of war against other members. The punishment breaks off all relations with other members.

PLAN FOR STATE TOURNAMENT CHANGED

Sectional Tournaments Are Not
Eliminated, However, and Rush-
ville is Likely to Get One

TO BE FOUR REGIONS IN STATE

Each Will Hold Eight Meets, Making
Total of 32, With Regional Semi-
Finals Before State Tourney

The method of deciding the state high school basketball championship has been changed, according to an announcement by A. L. Trester, permanent secretary of I. H. S. S. A., at LaPorte, but it does not do away with the sectional tournaments, one of which was held here last year. It is very probable that the state will be divided for sectional tournaments in very much the same way as it was last year and that one of the tournaments will be held here.

The new scheme introduces a series of semi-finals which will make the state meet less strenuous and probably will meet with the approval of most basketball players and fans as well, who felt that the old plan was far too severe for young boys.

Under the new method the state will be divided into four regions, each to hold eight meets, making a total of thirty-two sectional tournaments in the state.

Each one of these thirty-two tournaments will be made up of about sixteen teams. At the completion of these tournaments thirty-two teams will remain in the running for the state title. Two of these regions with their sixteen winners will play one series of games at some university, and the other two regions will play another series at another university.

In each of these semi-final regional series of games winners will result, making a total of sixteen teams left in the finals which will be played on the Coliseum floor in Indianapolis. The winner of this tourney by the elimination route will be the champion high school team of Indiana.

Centers for the sectional tournaments have not been selected, but dates have been selected as March 4 and 5. The semi-final regional series will be played March 12, while the state tourney will be held on March 18 and 19.

Although, the two universities to hold the semi-final regional series have not been selected, Indiana and Purdue are likely to be the ones. Both have been approached on the subject, but neither has accepted or declined the offer.

The plan as offered by the board of control calls for no more than sixteen teams in any tourney. The scheme will take care of 512 teams, while the state high school association has a membership of almost this number. The selections of centers, officials and the detailed arrangements for all the tournaments will be completed as soon as possible, according to Mr. Trester.

The sections and regions will be determined by number and location of schools desiring to participate. The state tourney can be won by any team playing nine games in three weeks, four at the sectional, one at the semi-finals and four at the state. No team, according to the scheme as worked out, will play more than three games in one day or four in two days.

It was the desire of the board of control to get away from having the teams forced to play so many games in two or three days in order to get through to the finals. It was thought this exertion was not best for the physical welfare of the youths who participate in the tourneys.

CUSTOMS OF DAY TO BE FOLLOWED

Thanksgiving Will be Spent Quietly
in Rushville, Religious Services
Being Only Event Scheduled

FAMILY DINNERS AS USUAL

Postoffice to Observe Usual Holiday
Rules—Thoughts Begin to Turn
to Christmas Even Now

Thanksgiving day will be observed here in much the same fashion as it has been in past years. Most of the place of business will be closed and the union religious services will be held as usual.

The day will be the occasion for many family reunions and turkey dinner will be served in many homes. Although turkey has been selling at 55 cents a pound dressed, there has been active demand for it and a number of persons were disappointed in not being able to get any. The Adams Produce company would not sell much this season to the retail trade because of the demand of eastern markets where they ship, and most local people had to depend on Rush county farmers' wives.

However, there will be lots of chicken pass as turkey because viewed at any angle, fifty-five cents a pound is a lot of money to pay for a gobble. The other prerequisites of a Thanksgiving dinner are not as high as they were last year, it is reported, so that the dinner as a whole should be cheaper.

The annual union services of the churches will be held at St. Paul's M. E. church Thursday morning at ten o'clock and the sermon will be delivered by the Rev. L. E. Brown of the Main Street Christian church. Special music will be provided by the church choir.

The postoffice will observe the usual holiday rules by closing at ten o'clock in the morning and the city carriers making one delivery only. The rural mail carriers will not traverse their routes, Christmas being the only holiday on which they carry any mail.

With Thanksgiving practically over, the thoughts of people are beginning to turn to Christmas, which is only a month distant. In fact, there are only twenty-seven more shopping days (Sundays not being included) until the holiday of all holidays arrives. The announcement today on the front page of the Republican that so few days, comparatively, remain for doing the Christmas shopping, is calculated to set many people to thinking.

Of course, every year the same line of advice is handed out regarding the early bird and everything, but just the same there is always a rush before Christmas in the Rushville stores.

Local merchants are already displaying their Christmas goods and are making a bid for holiday trade. They all expect an increased Christmas business, and for that reason every effort will be made this year to drive home the idea that every one should shop early.

"There never has been any reason for delay in making Christmas purchases," a merchant said yesterday. "By buying now a purchaser is able to make a wider selection, deliveries are made more promptly, he gets better service at the hands of clerks, and avoids congestion. We expect unusually large buying this year, and this is all the more reason why the buying should be done now."

MARKET IS DEMORALIZED

Heavy Receipts Caused by Placing
Poorer Hogs Brings Decline.

(By United Press)

Chicago, Ill., Nov. 23.—The hog market of the country was practically demoralized today by the continued decline in quotations. Heavy receipts caused by placing the poorer grade of hogs on the market caused the continued decline. The market in Chicago was off \$1 and similar drops were reported in other parts of the country. Prices ranged around \$10. In East St. Louis the decline in prices made it impossible to determine the actual condition of the market with hogs off \$1 to \$1.25.

MERCHANT ARRESTED FOR EMBEZZLEMENT

Clark Royster Held in Jail Here
Charged With Not Returning a
Livery Outfit

OWNS STORE AT COLUMBIA

Clark Royster, owner of a general store at Columbia, a few miles southeast of Glenwood in Fayette county, is in jail here on a charge of embezzlement, in connection with taking a livery horse and rig and not returning the property. When arraigned this morning in circuit court he pleaded not guilty, and was ordered back to jail upon default of \$1,000 bond.

It is understood that Royster has served a term in the Michigan City prison, and was thought to be on parole, and the prison officials were notified. Royster stated this morning that he had received his discharge last April from the prison.

It is charged that on November 12, he hired a livery outfit from John R. Thompson in this city, and failed to return the outfit. An employe at the livery stable recognized the man, although in court this morning his attorney said that he could produce witnesses in Columbia who would vouch that Royster was in his store all day on the 12th, and that it was a case of mistaken identity.

The trial has not been set, as the court is awaiting word from the prison.

ELLIS TAKES STAND IN HIS OWN DEFENSE

Knightstown Man, Charged With
Manslaughter, Finishes Up The
Evidence For His Case

BEING TRIED IN NEWCASTLE

Frank Ellis, age 25 years, who resides near Knightstown, and who is facing trial in Newcastle on a charge of voluntary manslaughter, after killing William Hart, Jr., age 19 years, a few weeks ago, was on the witness stand this afternoon in self defense, and the case was expected to be drawing near a close.

The state finished up this morning with their portion of the evidence, and immediately afterwards, the defense introduced 16 witnesses from the Knightstown neighborhood, who testified concerning Ellis' character, and his reputation for peace and quietude in his locality. Following the testimony of these 16 witnesses, Ellis then took the stand in self defense, and was expected to finish about two o'clock this afternoon.

The state then would proceed with their rebuttal, and arguments will more than likely be the first thing in the morning. Ellis after killing Hart, was placed in jail, but was later released on \$2,000 bond. Floyd Newby an attorney of Knightstown and John A. Tisworth of this city are defending Ellis, and the state is being represented by Prosecutor Clarence Brown, assistant John Morris, and Attorneys Evans and DeWitt. The case began yesterday morning and a jury was selected by eleven o'clock, with not much difficulty.

Indianapolis, Ind., Nov. 23.—Sen. Harding obtained a plurality of 185,006 over Governor Cox in Indiana, according to the official tabulation of the vote of the state.

Official count of the vote for electors at large was completed today by officials of the secretary of state's office for all of the six parties represented on the Indiana ballot, Republican, Democrat, Socialist, Prohibition, Farmer-Labor and Single Tax parties.

John Barbazette of Terre Haute, the first Republican presidential electors at large, obtained a plurality of 185,006 over Miss Julia E. Landers of Indianapolis, the first Democrat presidential elector at large. It is customary, according to officials, to regard the vote on the first electors at large as the official vote for the presidential candidates. Louis C. Huesmann, the second Republican elector at large, received a plurality of 183,952 over Paul V. McNutt, the second Democrat elector at large. Mr. Barbazette received 5,543 more votes than Mr. Huesmann.

Although tabulation of the vote for the thirteen district electors has not been completed, it is believed that Mr. Barbazette will be selected by the Indiana electors to take the vote of the state to Washington when the electoral college meets.

The vote for Senator Harding exceeded that for Ed Jackson, Republican candidate for secretary of state, by 9,396. Mr. Jackson led the Republican state ticket with a plurality of 176,735 over Charles H. Wagner, Democrat. The total Harding vote was 696,370, and the total vote for Mr. Jackson was 686,974.

The official count for electors at large follows:

Aid From America

It will not be difficult for anyone to recall that the fellows who wanted to stay in power at Washington declared that we would never have

to send an army to Europe unless our congress consented. But if we were in the league now, we would be morally obligated to co-operate both economically and with the force of arms, should the council decide that the league should go to the rescue of Armenia.

That was the question debated at the league meeting Monday, and in the end the league summoned the council, the supreme governing body, to take immediate steps to aid Armenia. Voting unanimously for the first time, the assembly adopted the resolution presented by M. Rene Viviani of France to summon the council in the afternoon with the committee to which the Armenian question had been referred, to determine the scope of the league action. The action came after a long debate during the assembly's forenoon session. The plan of M. Lafontaine of Belgium for the appointment of a committee of six to seek measures of halting the controversy between Armenian and Turkish nationalists, received strong support.

Dr. Hansen, Norwegian explorer, declared an army of 60,000 and an

expense of 10,000 pounds will be necessary to save Armenia. He asserted he was convinced America would do her full share. America was also referred to by A. Balfour who declared that an economic blockade of the followers of Kemal would be declared. If America does have a part in the undertaking, it will be after congress has voted to lend assistance.

During the discussion it was asserted that while America refused a mandate over Armenia, she expressed her willingness to send a fleet to aid the country. The league committee also adopted a resolution refusing to admit Germany and Russia into the league. It declared that no state shall be admitted to the league until they fulfill the international obligations.

Federal Taxation

One of the needed bits of legislation which it is hoped Congress will take up in December is the simplification of the present federal machinery for taxation. The tax schedules are so complicated that neither individuals nor governmental authorities can figure them out satisfactorily. The best-intentioned citizens, after a long and careful study of their tax sheets, and payment of what they believe to be their just obligations often find themselves charged with unpaid taxes in considerable amounts.

The auditing of the tax reports requires an army of expert accountants, involving tremendous expense to the taxpayers. With their best efforts, tax reports are far behind. There is no reason why this question, like some others, should be held over for the next administration. It is not a partisan matter. It concerns persons of all political faiths, and is crying evil which should be rectified promptly, in the interests of economy and common sense.

Badly Fitted Glasses are Useless

Even though the lenses may be exactly made for your defect of vision, the effect is spoiled if the frames are badly fitted.

A badly fitted bridge causes the lenses to be away from their correct position, with the result that vision is distorted. Also glasses of wrong width between the center of the lenses causes distorted vision.

We are very careful and accurate with our measurements. Also after the frame is made it is checked and counter-checked—and that is why we can guarantee a perfect fitting.

ODD FELLOWS TEAM IS READY FOR GAMES

Basketball Team Completes Organization and Prospects are Bright For Winning Quintet

A MODERN GYMNASIUM TOO

The I. O. O. F. basketball team which held a meeting last night at the Odd Fellows lodge hall, organized for the season, and several of the players were present. The team this year will play in the Modern Appliance building in West Third Street which will be completely remodeled and made into an ideal gymnasium.

At the meeting last night Ralph Martin, center of the team, was elected captain. Elgar I. Higgs, was also elected general manager, and will have charge of the team and in booking the games. A schedule has not been completed, but it is planned to play the first two games with Fairview and Moscow on their floors, and open the season in Rushville on Tuesday night, December 7, with the Carthage Independents as the probable opponent.

Prospects were never better for a wonderful basketball team, and the team this year will be sponsored by the Odd Fellows Lodge. Ten

players, most of whom have had college experience, have signed up with the team, and it will be hard to determine the five regulars. The dates of home games will not conflict with the high school schedule, Mr. Higgs announced this morning.

WILL GIVE A PLAY

There will be a play given at the Second M. E. church Wednesday evening, entitled, "The Spinster's Convention." The play will begin at eight o'clock; and supper will be served at the church at five o'clock.

CHURCH AND STAGE ARE CLOSELY LINKED

Most Plays in London Are of Sermonizing Disposition and Preachers Take Advantage of Fact

SERMON BASED ON SHOWS

London, Nov 10 (By Mail)—Never before in London have Church and stage been so closely linked together.

While most of the plays now running in London are of sermonizing disposition, preachers are taking advantage of this to attract large congregations to their churches by preaching sermons on the subjects which hold footlight sway.

In the little church of St. Thomas, Rev. Clarence May has started a series of sermons, each one dealing with a moral as pointed out by the stage. His first sermon was on the "Unknown", a play by Somerset Maugham, which has for foundation the problem "Has the war killed faith?"

The next sermon dealt with "The Wandering Jew", a play in which Matheson Lang is showing the sufferings of the Jews through the ages.

Another sermon has for its basis "The Crossing", a play dealing with an earthbound soul in which the dead appear in "spirit form" on the stage and converse with the living.

"The Right to Strike", a play which is drawing multitudes to the Lyric Theatre, also drew multitudes to the Rev. May's church when he announced it as his text for the next sermon on his list.

May intends next to discuss the problem of human hypocrisy as it reveals itself in "The Prude's Fall", now being played at Wyndham's Theatre.

"Our Budget Plan will bring the New Edison this Xmas!"

THIS is the time of the year when our Budget Plan is most helpful. You ought to come in right away and find out what it can do for you.

In the first place, it will put a New Edison beside your Christmas tree, (how the family will rejoice!)

In the second place, it will stretch your Christmas dollar so that you'll hardly feel the purchase.

The Budget Plan treats the New Edison as an essential of life, such as a home, and arranges payments on the sound "time" principle. It combines modern business practice with thrift.

This way of treating a dollar actually makes it go farther. Let us explain how the Budget Plan brings the longed-for New Edison for what an extremely ordinary gift would cost, and makes 1921 thrift pay for the balance.

His Joints Would Crack Like Whip

Muscles sore, joints painful, bowels bound up and liver sluggish. Dreco was quick to overcome these ails.

"I have suffered a long time from constipation, rheumatism in my muscles, and at times my joints would crack like a whip; my entire system was burndown and needed building up," said Mr. N. Mitchel a well known farmer of Route No. 2, Roanoke, Ind.

"I have just started on my second bottle of Dreco and it has done me worlds of good, the pain and stiffness has left my muscles and joint, my bowels are moving regular and easy once more, and my liver is active. I never saw any medicine do the work like Dreco."

When the wastes of the body are not eliminated regularly a poison accumulates in the system which is known as toxin, this goes through the blood and causes all sorts of trouble and distress. It is impossible for anyone to be well unless the different organs of the body perform their functions in the manner in which Nature intended.

The old fashioned remedies made from roots and herbs are the best for any one to take. Dreco is made from twelve different roots, herbs, barks and leaves. These act on the stomach, bowels, liver, kidneys and purify the blood. Dreco knocks rheumatism out shortly relieves catarrh of the head and stomach makes you sleep sound and creates a good appetite. As a blood purifier nothing can equal Dreco. It puts a stop to boils, eczema and other blood affections.

All druggists now sell Dreco and it is being especially introduced in Rushville by F. B. Johnson.—Adv.

Rushville-Milroy Basketball Contest Creates Interest Throughout The County

WILL MEET AT MILROY

Probably no basketball game of the season will attract more attention than the game tomorrow night, when the Rushville high school goes to Milroy for a game with the district champions of last year. The second team also will clash with the Milroy second team in the curtain raiser.

Last year and for several years Rushville refused to play on the small floor at Milroy, but this year, it was decided upon regardless of the fact that Rushville's chances for defeat as well as any visiting team was almost certain before hand.

Rushville has hopes of winning the game, but will not enter the contest overconfident. The team is in first class condition, and Coach Sutton will start the game with the regular line-up, with L. Headlee and Miller forwards; E. Headlee, center; Frazee and Bakins, guards. Milroy will start the game with their best line-up, Stewart and McKee, forwards; Osterling center D. Jones and Harcourt, guards.

Word from Milroy stated that the seating capacity of the gymnasium would be filled long before the game as Rushville will no doubt send a record crowd to be on hand to root for the two Rushville teams. Connersville will play here Friday night and both games will be strenuous ones for Rushville.

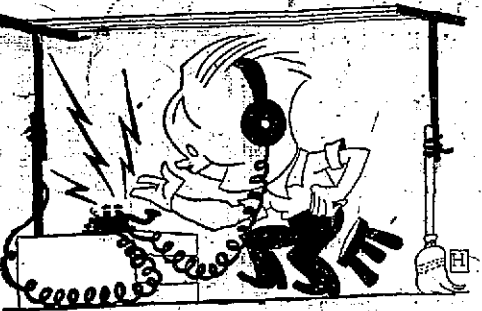

An Enemy to Good Health

Good health has no greater enemy than constipation. You cannot "keep fit" for work or play if the bowels are irregular or clogged with a decomposed mass of undigested food from which the blood picks up disease-causing impurities, and carries them throughout the entire system. Foley Cathartic Tablets are mild but sure in action. They banish biliousness, sick headache, sour stomach and other ills caused by indigestion. Take one tonight and you will feel better in the morning. F. B. Johnson. (Adv.)

At last! Mars has spoken!

YOUNG HIRAM Jinks.
HAD TRIED for weeks
TO TALK to Mars.
BY WIRELESS.
HE'D POUNDED his key,
CALLING "MARS. Hello, Mars."
UNTIL HIS right biceps
WAS THE village pride.
HE HARDLY dared to sleep,
LEST HE miss the call.
AND SAY! One evening
HE GOT an answering buzz.
"YEP, THIS is Mars."
AND HIRAM shook all over.
AND STUTTERED back in Morse.
"HAVE YOU any word
FOR US on Earth?"
QUICK CAME the answer.
"YOU CAN tell the world.
THEY SATISFY!" Then silence.
HIRAM RAN to the corner store,
AND SHOUTED in triumph.
"A MESSAGE from Mars!
YOU CAN tell the world.
THEY SATISFY."
BUT THE village elders,
MERELY SNORTED "Shucks.
KNOWN THAT for years."
WHILE OUT in the army camp,
THE RADIO man,
WHO'D BEEN kidding Hiram,
THREW AWAY his butt,
AND LAUGHED himself to sleep.

B-U-Z-Z-Z. Listen to this one! Chesterfields "satisfy," and yet they're mild. With body enough to "satisfy" even a cigar smoker, Chesterfields are mild enough to suit even the most finicky cigarette smoker. That's some combination!—and this unique word can't be copied.

Final Showing of Dana Picture

The theory sometimes advanced that a good magazine story does not mean a good picture certainly was refuted last evening when Viola Dana appeared at the Princess theater as the heroine of "The Chorus Girl's Romance." This was taken from the Saturday Evening Post story by F. Scott Fitzgerald entitled "Head and Shoulders". The picture will be seen for the last time today.

It has to do with the romance and later the marriage and still later the very amusing and sometimes very pathetic but always very human vicissitudes of a chorus girl, with a propensity and gift for shimmying; and a scholarly prodigy at Yale.

Miss Dana was at her bewitching best throughout the photoplay and Gareth Hughes, her leading man, gave decidedly his share toward the pleasing success of the picture.

William C. Dowlan directed it. Percy Heath wrote the scenario; John Arnold did the photography and A. E. Freudenman furnished special art interiors for this Metro production.

Lew Cody in Leading Role

A beautiful girl who does not believe in kissing—two men—then the girl is kissed in the dark and she finds that kissing is not so bad after all, but—who is the man? This is the unusual theme of the Robertson-Cole Special, "The Beloved Cheater," which features that ace of hearts, Lew Cody. It will be shown for the last time at the Mystic today.

Bruce Sands (Lew Cody) is the idol of the "deadlier sex," the sort with whom men make friends in self defense—or at the dictation of their wives. He is the sort who can't help making love to every girl he meets, but always remains a bachelor.

Then there is "the girl" who be-

comes engaged without changing her ideas against kissing and her fiancé who is foolish enough to promise to respect her wishes.

The real romance of the girl's life commences when she is kissed and she discovers that it was not her fiancé who kissed her.

Of course she does find the man

only to lose him, for the "Beloved Cheater" refuses to let her sacrifice her happiness by marrying a man of his type.

Lew Cody has never had such an opportunity to display her versatility, and the production is remarkably produced under the master hand of Wm. Christy Cabanne, who

is responsible for a long list screen successes. The cast is a markedly clever one, including Helen Percy, Doris Pawn, Jack Mer, Alice Fleming, Frederick Vro and Andrew Robeson.

For Over Seven Years

Back in the early part of 1913 this business was organized and started in a small frame building. Then came a move into larger quarters on account of increased patronage.

TODAY

We occupy our own plant. It is the third place we have occupied since our organization. Our patronage speaks for itself. Year after year we have expanded and added new equipment, which makes our plant today one of the finest in the state.

WE INVITE INSPECTION

Come, see for yourself, the different departments in operation. Work is taken care of in Rushville, and is not trusted to some cleaner in an out of town plant. Because of the trust people have placed in us, is only one reason why our plant has so successfully existed under the same management for over seven years.

This plant is the only plant in Rush County that is entitled to the name of "Master Cleaners."

FOR SALE

THE ABERCROMBIE FARM

In order to divide up the Theodore Abercrombie estate among the heirs, the farm, known as the

ABERCROMBIE FARM

adjoining Rushville at the city limits on the north and consisting of 284 acres, more or less, is now offered for sale at private sale.

This is one of the best farms in Rush County, most of it having been in the family for fifty years and has been well taken care of and not rented.

It is capable of division into two complete and separate farms—each with tenant houses, barns and other first class improvements. That part known as the "East Place" lies on the east side of Main street, and comprises about one hundred and thirty-one acres, and that portion known as the "West Place" lies on the west side of Main Street, and consists of about one hundred and fifty-three acres. Both farms extend down to Eleventh street.

For farming purposes there are no better farms in Rush County than these, but they are further valuable because they lie right at the limits of the city on the north and adjacent to Rushville's finest residence section.

Both farms are capable of sub-division into valuable city lots. Part of the farm has already been laid off into city lots, taken into the city and fine residences built upon it.

As the L. E. & W. R. R. bounds the farm on the west, and the Pennsylvania R. R. intersects a portion of the farm on the east, several fine factory sites are available.

This land will be offered for sale as a whole or as two separate farms. Possession will be given on or before March first, 1921.

DEAR OLD BOY PETE!

This corner of the U. S. mainland is so wonderful in its bigness and bustle I guess I go mouth wide open and eyes staring! Why, Pete, Texans don't talk in miles—it doesn't mean anything! They'll tell you that this place, or that, is an all-day trip, or two days and a night distant, etc. And, old yardstick, you've got the feet, just let it sink in deep that Texas is not only over 800 miles wide but it is our fifth state in population!

Heard a bird in the Adolphus Hotel say that when he comes off the west border he figures he's close home to Baltimore when he's across the Lone Star State! Talk about "jumps"! Try a few, say the one between Texarkana and El Paso!

Pete, everything grows big down here—business as well as folks' hearts! I like the way they never forget! Here I was walking on Main Street yesterday when as fine a type of man as ever wore one of those broad Texas smiles came up to me. "How are you, lieutenant?" says he. "Maybe you'll call back that day at Camp Dick when I brought over that bunch of Camel Cigarettes for the boys," he continued. Right then a Camel conference opened!

Golly, Pete, this party coins Camel compliments faster than the mint makes money! "Lieutenant," says he, "I know when I'm 'set'! I've smoked cigarettes for five years! (NOW LISTEN, PETER!) I know Camels and I know their marvellous mild, mellow body and refreshing flavor and wonderful Turkish and Domestic blend! A million Camels wouldn't tire a smoker's taste!" Now, Pete, I'll say that's some testifying!

Sincerely

Shorty.

P. S.—Between you and me I'll be gazing at tall buildings and things around 43d and Broadway—N-E-W Y-O-R-K—about the hour this note hits Boston's Back Bay! Write me at the same old stand!

CONFIDENT CENSUS WILL NOT DECREASE

France's Population to Grow Larger
Due to Provinces Returned to
Her by the War

EXPECTED TO BE 40,000,000

Paris, Nov. 23.—Despite France's loss of 1,750,000 soldiers during the war, as well as the fact that her death rate always tends to exceed her birth rate, she is confident that her next census to be taken in March 1921, will not show a decrease in population.

However, this will be due exclusively to the fact that there will be included in her census the population of the provinces returned to her by the war, namely the departments of the Upper and the Lower Rhine and the Moselle, or in other words, Alsace-Lorraine. It is expected that the total population will thus remain close to 40,000,000.

France's last census was taken in 1911 and showed a population in France of 39,601,509 and a population for France and Algeria together of 45,156,337, which included 1,132,696 foreigners.

The French census is taken every five years, but in March, 1916, when the next census should have been taken, France had ten departments being occupied by the enemy, while thousands upon thousands of inhabitants of other departments in which fighting was taking place had been obliged to flee. As a consequence the census went over until March of next year.

The last German census of the population of Alsace-Lorraine placed it at 1,874,014, which is expected just about to offset France's loss in population caused by her dead during the war, as well as her decreased birth-rate resulting from the same cause.
